3. An exhibitor may enter as many classes as desired, but is restricted to one entry per class.
4. Designs will be judged according to the GCV Flower Shows Handbook found under Flower Shows.
5. Flowers of the theme show must predominate in all designs, i.e. daffodil, lily, or rose, unless otherwise specified by the schedule.
6. Plants on the Endangered Species list may be used only if grown in exhibitor’s garden and should be noted on the plant material card.
7. The use of commercially grown flowers is discouraged. Seasonal flowers are preferred.
8. Designs must include some fresh plant material. All exhibitors must ensure the freshness of their arrangements for the duration of the show.
9. Artificial flowers, foliage, and fruit are not permitted.
10. Treating fresh plant material by application of substances such as paints, dyes, etc. is not permitted. Plants may be clipped, stripped, bent, or otherwise manipulated.
11. Living creatures are not permitted.
12. The following are permitted, unless prohibited by the schedule:
 - a. Accessories
 - b. Bases
 - c. Contrived flowers and/or forms made of fresh or dried plant material
 - d. Cut fruit or vegetables sealed in some manner to discourage insects

 - g. Dried and/or treated plant material

14. There are several types of backdrops used in the flower shows. None of them may be used on a pedestal. No flower material may touch the sides, back or roof if present.
 - a. A backboard is a two dimensional surface against which an arrangement is to be seen. Unless specified otherwise by the schedule, it is to be considered a neutral backdrop like a wall, and the arrangement will not be judged in proportion to the size of the backdrop. However, if an arranger modifies the backboard with drapery, overlays, or underlays, the arrangement **is** judged in proportion to the size of the backdrop.
 - b. A trifold is similar to a backboard, and the above descriptions apply, but wings are attached to both sides. These may be opened at an angle or placed at right angles to the back. The schedule states the permitted dimensions of the arrangements, which may include a height restriction.
 - c. A niche is constructed with a back, roof and fixed sides. The dimensions of the structure are provided in the schedule.

ARTISTIC PROCEDURES

1. All artistic entries must be pre-registered with the show Registration Chairman.
2. Check in at Registration desk upon arrival at the show.
3. GCV exhibitor entry cards will be filled out completely, both top and bottom portions, by the Registration Chairman. They will be given out to the registrant when they come to the desk.
4. The exhibitor must check the name and address on both portions. Make sure that there is a mark on the entry card if you are a GCV member and/or if you are a novice. (A novice is one who has not won a Blue ribbon in a GCV Flower Show.)
5. Make arrangements for Container Return upon arrival. All containers and accessories must be plainly marked with exhibitor's name and address. Instructions for shipping should be made and a fee paid if the container is not to be claimed at the end of the show. The use of containers with a value greater than \$200 is discouraged.
6. Check Show Schedule regarding whether or not arranging is permitted on the showroom floor.
7. Upon completion of design, complete a 3x5 card listing floral material, noting "G" for garden grown or "F" for florist. A Pot-et-Fleur must include "R" for rooted material or "C" for cut material.
8. Notify a member of the Passing Committee when an exhibit is ready to be passed. The Passing Committee may disqualify arrangements that do not meet the schedule requirements in consultation with the GCV Flower Shows Chairman and/or the GCV Judges' Chairman.
9. The Passer will check exhibitor entry card for accuracy and completion.
10. The Passer will determine that the arrangement complies with the schedule and that the above-mentioned cards are in place before passing.
11. The exhibitor will remain in the exhibit area until the exhibit is passed.
12. Except for watering or necessary maintenance including replacement of dead flowers, the exhibitor may not touch the exhibit after it is passed.
13. Exhibitors are urged to show caution when placing their arrangements and when viewing the show. As a courtesy to other exhibitors, they must stay a safe distance from neighboring arrangements.
