2019 Board of Governors Meeting  
Horticulture Exhibit Schedule  

Hosted by the Garden Club of the Northern Neck  
Where Nature Speaks to Your Soul

Nature is a thing of wondrous beauty. It speaks to all of our senses. What makes a plant speak to you? Is it the color, the fragrance, the feel, the shape of the bloom? We are all for natives and pollinators! However, sometimes they are not the ones that give us that ‘ahhhh’ moment in the garden. Please choose a plant or bloom that speaks to your soul for our Horticulture Exhibit at the 2019 GCV Board of Governors.

This horticulture exhibit will feature one specimen (a bloom, stem or branch).

You will have a placement area 12” wide for your display with no height restriction. Please display the specimen in a container of your choice or a green bottle.

On a 5x7 card please include the following information about your specimen:

- botanical and common name of the specimen
- why this plant speaks to you
- native plant; or country of origin, if introduced
- preferred growing conditions and cultivation tips
- a photo of your plant in bloom, if not blooming at the time of the meeting.

Please do not include any invasive plants in your display.

The horticulture exhibits will be displayed at the Council House, Stratford Hall. Exhibits will be placed between 2:00 – 5:00 p.m. on Tuesday, October 15 and 9:00 – 12 noon on Wednesday, October 16. Exhibits are expected to be in place before the Business Meeting commences on Wednesday.
